SUMMARY

Versatile Frontend Developer and UI/UX Designer with hands-on experience upgrading legacy systems (e.g., Vue2 to Vue3 with Vite) and building dynamic, SEO-friendly websites using Next.js and Nuxt.js. Skilled in developing responsive web applications with TailwindCSS, Bootstrap, HTML, CSS/SASS, and JavaScript, and integrating Laravel backends with Vue.js frontends to deliver seamless, data-driven user experiences. Adept at designing intuitive interfaces and interactive prototypes using Figma and Adobe XD, while leveraging AI tools such as **Figma Make** and **Claude Code** to accelerate design workflows and assist in front-end development. Experienced in contributing to Agile teams via Jira and bringing a creative edge through expertise in vector illustration, photo editing, and video production using Adobe Creative Suite. Passionate about crafting polished digital experiences that blend performance, usability, and visual impact.
